

BEST IPHONE 6 WATERPROOF AND WATER RESISTANT CASES

Water. So vital for all living things on this planet, yet so deadly for every piece of electronics lying around us, including our iPhones. And while we'll likely never find a way to live without water, human ingenuity has already dealt with the problem of protecting our gadgets from the harmful effects of water. Meet the colorful landscape of waterproof and water resistant cases designed to boost the toughness of your otherwise glamorous, yet excessively delicate iPhone 6.

What we've prepared for you below is a selection of some of the finest waterproof iPhone 6 cases available on the market. Some of them also bring other capabilities as well, such as being fully rugged and sporting effective dust and shock protection, but we weren't really on the hunt for super-tough, armor-like cases that would protect your iPhone from pretty much anything. Instead, we've carefully hand-picked only those water resistant cases that won't turn your exquisite iPhone 6 into a thick, ugly brick. Here, check them out!

Dog & Bone Wetsuit

Price: \$79.95 | Buy here
IP 68 | MIL-STD 810F

The Dog & Bone Wetsuit iPhone 6 waterproof case impressed us with its mixture of nice looks and considerable level of toughness. The case not only comes with IP 68 certification (dustproof, immersion beyond 1 m), but it also covers MIL STD 810F standards, theoretically allowing drops from up to 6.6 feet (2 meters). The Wetsuit comes in three distinct color options: orange, black, and white.
